

Aluno: Ismael Amorim Luduvico

Disciplina: Laboratório de Programação WEB 2

Professor: Fábio Lima

Data: 23/11/2021

Projeto1-1 Unidade

O projeto foi adicionado algumas coisas a mais como por exemplo as validações de campos numéricos.

The screenshot displays a web application titled "Sistema de vendas" running on a local host. The interface features a top navigation bar with links for "Produtos", "Fornecedores", "Entrada", and "Vendas". The main section is titled "NOVO CLIENTE" and contains a form for creating a new client. The form includes three input fields: "Nome do Cliente", "Descrição do Cliente", and "Debito do Cliente". The "Debito do Cliente" field is highlighted with a red error message, "O campo debito é numérico.", indicating a validation failure. A green "Cadastrar" button is positioned at the bottom of the form. The browser's address bar shows the URL "localhost:81/WebII-2021.2-/atividade1/public/clientes/create". The footer of the page reads "copyright @ Web 1".

Além de toda criação das páginas request

```
Windows PowerShell
root@0591bf4bbe28: /var/www

PS C:\Users\GABRIEL> cd Documents
PS C:\Users\GABRIEL\Documents> cd laradock
cd : Não é possível localizar o caminho 'C:\Users\GABRIEL\Documents\laradock' porque ele não existe.
No linha:1 caractere:1
+ cd laradock
